

Memorandum

Utah Department of Transportation

To: Judy Imlay
Horrocks Engineers

From: Paul W. West, Wetlands/Wildlife Biologist
UDOT, Environmental Services

P. West

Date: September 4, 2007

RE: STP-15-7(212)324E – I-15, Layton Interchange, Davis County, Update (PIN 4449)

CC: Shane Marshal – UDOT, Environmental Services
Rebecka Stromness – UDOT, Environmental Services
Ed Woolford – FHWA
Chris Lizotte – UDOT, Region 1
Scott Walker – UDWR, Northern Region
File

On August 3, 2006, I issued a memo stating this project would have “no-effect” to federally listed threatened, endangered, or candidate species, or to any critical habitat. Since it has been more than a year, I understand that you are now in need of an updated memo. Therefore, as requested I have reevaluated this project.

According to the Utah Division of Wildlife Resources (UDWR) database this project would still have no-effect to federally listed, threatened, endangered, or candidate species, or to any critical habitat.

In accordance with the U.S. Fish and Wildlife Service memo dated January 27, 2006, we no longer require concurrence from them for “no-effect” determinations. Therefore, this memo is issued in-lieu of their concurrence letter for your environmental documentation.

If you have any questions, please call me at (801) 965-4672.
